Pet food - Requirements for all animal feeds

Article No.:

| req. no. | Statutory requirement | Law | Article |
|----------|---|-----------------------|--|
| 20342 | It is prohibited to produce or treat animal feed such that the health of an animal can be damaged or through which substances could be excreted by animals causing endangerment to the ecosystem. It is also prohibited to place such feed on the market or to feed it. | LFGB | § 17 Abs. 2 + VO (EG) Nr. 178/2002 Art. 15 |
| 25001 | An animal feed may only be placed on the market if it is safe and has no injurious effect on the environment or on animal protection. At marketing the animal feed must be perfect, genuine, not debased or adulterated, suitable for the purpose and of normal trading quality and condition. It must be labelled, packed and presented according to the regulations. | VO (EG) Nr. 767/2009 | Art.4 Abs.1, 2 |
| 20348 | The company from which the animal feed comes must be registered with the appropriate authority. Whether a registration suffices or whether the company must be approved additionally according to the law on animal feed depends on the manufacture of certain animal feed. Manufacturers of pet food are as a rule merely obliged to be registered. The list of the registered / approved establishments are to be found on the home page of the BVL. (http://www.bvl.bund.de/DE/Home/homepage_node.html) | VO (EG) Nr. 183/2005 | Art. 9, 10 + FutMV § 17, 20 |
| 20349 | Manufacturers and distributors of pet food who are not obliged, according to the law on animal feed, to be approved or registered, must declare their activity to the appropriate authorities according to state law before their company start-up. Companies which release animal feed for pets exclusively in finished packs ready for sale are exempt from this obligatory declaration. A list of approved companies is to be found on the home page of the BVL http://www.bvl.bund.de/DE/02_Futtermittel/fm_node.html | FutMV | § 22 |
| 20347 | The company producing animal feed must have implemented an internal functioning system of control, based on the HACCP principles. | VO (EG) Nr. 183/2005 | Art. 6 |
| 20351 | At the import of animal feed from other member states, the certificate issued by the 1. member state relating to the control according to the law on animal feed must be presented to the customs and on request by the authority, with a German translation. | FutMV | § 37 |
| 25031 | A company producing pet food of animal by-products must have a system of origin tracing (one stage forward and one stage back) and a process available for analysis of dangers/risks which is based on the HACCP-concept. Regular checks must be carried out by the company. | VO (EG) Nr. 1069/2009 | Art. 22, 29 Abs. 1 d), 28 |
| 25032 | Companies producing pet food from animal by-products may place them onto the market if they fulfil the requirements in Art. 35 VO (EG) 1069/2009. | VO (EG) Nr. 1069/2009 | Art. 35 |

Pet food - Prepacked animal feed

Article No.:

Prepackages need a labelling of their nominal weight or nominal volume.

| req. no. | Statutory requirement | Law | Article |
|----------|--|-------------|---------------------------|
| 40173 | The requirements of FPackV do not apply to free samples which are marked as such. | FertigPackV | § 33a Abs. 1 |
| 40169 | Finished packs with a content amount lower than 5g or mL may be put on the market without statements of content amount and are not subject to FPackV. | FertigPackV | § 30 |
| 40172 | The requirements of FPackV do not apply to finished packs with food which may be marked according to the number of items or for which the unit of the amount (volume, weight, number of items) may be selected at will, as long as this statement is solely destined for bulk consumers. | FertigPackV | § 33a Abs. 1 |
| 20429 | For feeds in finished packs for pets and wild birds the net mass must be labelled according to weight or volume. If it conforms to the normally accepted trade standards then the number of pieces can be stated. The statement of uncertain amounts, ranges of amounts or the additional statement gross amount is prohibited. | FertigPackV | § 7 Abs.6, § 9, § 6 Abs.2 |
| 40160 | The statement of contents on the finished pack must be easily recognisable, clearly legible and non-eradicable. The following units are prescribed for the statement: - weight in grams or kilograms - volume in millilitres, centilitres or litres. The name of the unit or unit sign must be supplied. | FertigPackV | § 18 Abs. 1,4, 5 |
| 20431 | For the statement of nominal filling quantity and its unit and for the statement of the number of pieces in individual packs, the following script sizes are prescribed: nominal filling quantity script size in g or ml in mm 5 to 50, 2 mm, more than 50 up to 200 3 mm, more than 200 up to 1000 4 mm, more than 1000 6 mm. For collected packs the content amount of the individual finished packs must be stated in the following script sizes: nominal filling quantity of the individual packs up to 50 g or 50 ml: 3mm; nominal filling quantity of the individual packs 50 g or 50 ml and more: 6 mm. For finished packs of uneven nominal filling quantity, for whose manufacture scales are used with a print-out of the weight, there is an exception in the regulation: here the script size is aligned according to the calibration regulations. | FertigPackV | § 20 |

Prepackages need a labelling of their nominal weight or nominal volume.

| req. no. | Statutory requirement | Law | Article |
|----------|--|-------------|-------------|
| 40163 | <p>Finished packs of the same contents amount may bear the EWG sign shown in Annex 9 of the FPackV, if the following conditions are met:</p> <p>The contents amount lies in the region of 5g or ml to 10kg or L; the contents amount is given according to volume or weight; the form and type of the contents amount statement conforms to the FPackV (size of script, easily visible etc)</p> <p>Statement as to the manufacturer must be present.</p> <p>The stated contents amount must be adhered to according to the regulations of the FPackV. Also the EWG-sign must be attached in easily recognisable, clearly legible and non-eradicable form and in the same field of view as the contents amount statement.</p> <p>Additional information: FPackV Anlage 9</p> | FertigPackV | § 21 |
| 20430 | For a feed which is traded in pieces, the statement on the labelling of the number of pieces on the finished pack can be dispensed with, if all the pieces are visible and easily countable or when the product is usually traded as a single piece or a pair. | FertigPackV | § 10 Abs. 1 |
| 40171 | For finished packs with the same nominal filling amount of more than 10kg or L which are exclusively intended for release to wholesalers or bulk customers, the statement of the filling amount may be present in the accompanying papers instead of on the finished packs. The statement of the filling amount for this product does not have to be in accordance with the requirements of FpackV. It must however be ensured that at the manufacturing stage the finished packs which exceed the minus deviations listed in §31 of FpackV are excluded. | FertigPackV | § 31 |
| 40143 | Finished packs which consist of several particular packs of goods, not intended for retail, must bear a statement of the total contents and of the packs contained. If all the packs are clearly visible and easy to count, then the statement of the number of packs may be dispensed with. | FertigPackV | § 6 Abs. 3 |
| 40145 | Finished packs which consist of several individual packs of goods (finished, not intended for retail, must bear a statement of the total contents and of the packs contained (finished multi-packs) must bear the number and contents-amount of individual packs on the outside packaging of the multi-pack e. g. "5 packs à 50g". This statement can be dispensed with if all the finished packs are visible and easily countable and the statement of contents on all finished packs can be recognised; if all the finished packs have the same contents amount it is enough for the exemption if the contents amount on one of the finished packs is recognisable. A statement of the contents of the finished multi-pack is not required. | FertigPackV | § 6 Abs. 5 |
| 40168 | A manufacturer of finished packs must perform and document the controls and tests prescribed by FPackV in order to ensure that the contents amount adheres to the requirements. Control scales and control measuring equipment which satisfy the requirements of FPackV must be used. | FertigPackV | § 27+§ 28 |

Pet food - Labelling

Article No.:

| req. no. | Statutory requirement | Law | Article |
|----------|---|-------------------------------|---|
| 25003 | The feed company which is responsible for initially bringing the feed onto the market or under his name is responsible for the labelling, The person responsible guarantees the correctness of the content of the labelling and supplies all the information as to the composition and characteristics mentioned to the appropriate authorities. The required labelling statements must be reported along the foodstuffs chain. | VO (EG) Nr. 767/2009 | Art. 12 Abs. 1, 2 + Art. 5 Abs. 2, 5 |
| 40921 | The labelling requirements for feed must also be observed for sale by means of distance communication. But the following particulars can be provided at the latest at the time of delivery of the feed: business name and the address of the feed business operator, lot reference number, net quantity, the minimum storage life for additives other than technological additives, the indication of the minimum storage life. | VO (EG) Nr. 767/2009 | Art. 11 Abs. 3 + § 5 FutMV |
| 40910 | For labeling of pet food the "FEDIAF labeling Guide" according art. 25 RE (EC) 767/2009 can be used. On the use of this guideline may only be referred to if all conditions of the guideline are met. Additional information: FEDIAF_labelling_2011_14-11.pdf | VO (EG) Nr. 767/2009 | Art. 25, VO (EG) Nr. 767/2009 + FEDIAF Code of good labelling practice for pet food |
| 40890 | As aid in the labelling of feed materials and compund feeds, the guideline for labelling feed materials and compound feeds (according to RE (EC) No 767/2009) may be consulted. Additional information: Leitfaden Kennzeichnung Futtermittel neu_13-11 | Leitfaden Kennz. Futtermittel | |
| 20345 | For animal feed additives or pre-mixes, it is prohibited to make claims which refer to 1. the cure or alleviation of diseases 2. the prevention of diseases. Permissible however are: -claims about feed additives or pre-mixes in so far as these conform to identify the purpose of these substances, - claims regarding the prevention of diseases which could be the consequence of malnutrition. | LFGB | § 20 |
| 25002 | Labelling, advertising and the presentation of feeds must conform to the real composition and must lead users astray. This applies especially for statements with regard to the intended purpose of use. Features of the feeds (type, processes of production and acquisition, characteristics, composition, amount, life, type or category of animal for which it is intended. no statements may be made regarding effects or characteristics which the feed does not possess nor characteristics which all other comparable feeds possess. Included here are also form, appearance, packaging, packaging material, and the framework of presentation. | VO (EG) Nr. 767/2009 | Art.4 Abs. 2 + Art.11 Abs. 1, 2 + LFGB § 19 |

Pet food - Labeling mixed animal feed additional requirements

Article No.:

Mixed feeds consist of several materials e.g. rabbit crackers. Included are single feeds, diet feeds, supplementary feeds.

| req. no. | Statutory requirement | Law | Article |
|----------|---|----------------------|------------------------------------|
| 25014 | <p>Additional mandatory labelling elements for compound feed are:</p> <p>a) the animal species or category for which the compound feed is intended (Exception: the compound feed consists of maximally three clearly discernible feed materials),</p> <p>b) Notice as to the correct use with the purpose (Exception: the compound feed consists of maximally clearly discernible feed materials). If complementary feed contains a higher concentration of feed additives than those laid down as highest concentration in the feed material then the highest amount of feed is stated according to regulations of No 4 Annex II of RE (EC) No 767/2009.</p> <p>c) if the producer is not responsible for the labelling, then the name or business name of the producer with address or the establishment authorized number where required) of the producer,</p> <p>d) the statement of minimum duration of use as follows: - "to be used by the latest..." with statement of date when the feed can easily spoil. Or - "usable till at least..." with statement of a month for other feeds. With the statement of the date of manufacture, the minimum date of usability be stated as follows: "...time in days or months) after the date of manufacturing." The date is to be stated according to Annex II RE (EC) No 767/2009 No 2 as follows: sequence day, Month, year in this form: "DD/MM/YY",</p> <p>e) the list of feed materials with the heading "Zusammensetzung (composition)" placed in order first to last. The designations are to be used according to Art.16 Par. 1 Letter a). The statements can also be made in per cent weight. They must be given in per cent weight, if the presence of the single feed is emphasized through words, pictures or graphics. The statement of the specific designation of the single feed can be replaced by the designation of the category according to Annex 3 of FutMV, to which the single feed belongs,</p> <p>f) the mandatory statements according to Chapter II in Annex VII - Labelling of the analytical constituent parts. (Exception: not required for mixtures from whole seeds and fruits). According to Annex II No 5 of RE (EC) No 767/2009 for pet food the following expressions may be replaced as follows: "Rohprotein (crude protein)" by "Protein"; "Rohöle und Rohfette (crude oils and crude fats)" by "Fettgehalt (fat content)" and "Rohasche (crude ash)" by "Ascherückstand (incinerated ash)" or "anorganischer Stoff (inorganic matter)".</p> <p>Additional information: FutMV_Anlage 3_16-11 VO (EG) Nr. 767/2009 Anhang II_18-05 VO (EG) Nr. 767/2009 Anhang VII_18-05</p> | VO (EG) Nr. 767/2009 | Art. 17 Abs. 1,2, + Anlage 3 FutmV |

Pet food - Labelling of additives

Article No.:

| req. no. | Statutory requirement | Law | Article |
|----------|---|-----------------------|------------------------------------|
| 40922 | Annex I to RE (EC) No 1831/2003 (see annex) contains the categories and functional groups for feed additives. Additional information: VO (EG) Nr. 1831/2003 Anhang I_16-05 | VO (EG) Nr. 1831/2003 | Anhang I |
| 25024 | If a feed additive belongs to more than one functional group, then the functional group or category of the main function of the respective feed is to be stated. | VO (EG) Nr. 767/2009 | Anhang VII Kapitel I Nr. 9 |
| 25023 | For feed materials and compound feed, the following additives must be listed with the specific designations and/or registration number, the amount added and the corresponding function group: (a) additives where a maximum content is set for at least one non-food producing animal, (b) additives belonging to the categories 'zootechnical additives' and 'coccidiostats and histomonostats', (c) additives for which the recommended maximum contents established in the legal act authorising the feed additive are exceeded. Feed materials and compound feed which have been labelled before 1 January 2020 in accordance with the rules applicable before 1 January 2018 may continue to be placed on the market and used until the existing stocks are exhausted. | VO (EG) Nr. 767/2009 | Anhang VII Kapitel I Nr. 1 |
| 25021 | The labelling particulars shall be indicated in accordance with the legal act authorising the feed additive in question. Labelling particulars concerning the proper use of feed materials and compound feed which are laid down in the legal act authorising the feed additive in question shall be indicated. The added amount shall be expressed as the amount of the feed additive except where the legal act authorising the respective feed additive indicates a substance in the column 'minimum/ maximum content'. In this latter case, the added amount shall be expressed as the amount of that substance. Feed materials and compound feed which have been labelled before 1 January 2020 in accordance with the rules applicable before 1 January 2018 may continue to be placed on the market and used until the existing stocks are exhausted. | VO (EG) Nr. 767/2009 | Anhang VII Kapitel I Nr. 1, Nr. 10 |

Article No.:

| req. no. | Statutory requirement | Law | Article |
|----------|---|----------------------|--|
| 10916 | Every businessperson who produces organic feed, processes them, stores them or places them on the market must, before placing them on the market, a) register his activity with the appropriate authority b) place his business under the system of control according to Art. 27 RE (EC) No 834/2007. This also applies to third countries. | VO (EG) Nr. 834/2007 | Art. 27 Abs.1, 28 Abs.1, 29 Abs. 1,2 |
| 10630 | It is prohibited to use genetically modified organisms (GMO) and products produced from or via GMO in the production and processing of organic feeds. Feeds which must bear a label or a notice of GMO may not be labelled as organic. Coincidental, technically unavoidable contaminations under 0.9% conform with the law. | VO (EG) Nr. 834/2007 | Art. 9, 23 Abs.3 |
| 10915 | Only organic feeds may be purchases for which the supplier has provided a valid organic product certificate. The individual member states set up a publically accessible database which contains the current organic food certificates for the individual companies. | VO (EG) Nr. 834/2007 | Art.28 (5) Art.29+VO (EG) Nr.889/2008 Art. 92b |
| 10631 | It is prohibited to treat organic feed or their original substances with ionising irradiation. | VO (EG) Nr. 834/2007 | Art. 10 |
| 10638 | Organic feeds must be produced according to the requirements of RE (EC) No 834/2007 Art. 4, 7, 18 and RE (EC) No. 889/2008 Article 26. Until the coming force of extensive processing regulations for pet foods at EU-level the individual laws of member states apply or if no such laws exist then the private standards accepted or recognised by the member states. Currently no national regulations exist in FRG. The only private standard recognised is Biokreis e.V. | VO (EG) Nr. 834/2007 | Art. 4, 7, 18 + VO (EG) Nr. 889/2008 Art. 26, 95 Abs. 5 |
| 10633 | Feed which are designated organic must conform to the requirements of RE (EC) No 834/2007. This applies if the designations in the Annex are used in various official languages alone or in combination as well as the abbreviations deriving from them such as "Bio" or "Eco", also for trade marks and indications of all kinds. Additional information: VO (EG) Nr.834/2007 Anhang_13-11 | VO (EG) Nr. 834/2007 | Art.23 Abs. 1 und 2 |
| 10637 | The use of the national ECO-label (the so-called "Künast-seal") must be reported to the Federal Institute for Agriculture and Nutrition (BLE) before first use. For this purpose, the template in ÖkoKennzV Annex 2 is to be used. Additional information: ÖkoKennzV Anlage 2 | ÖkoKennzV | § 3 |
| 10634 | If a feed is designated as organic, the code number of the control authority which is responsible for the company must be additionally be stated, clearly visible, non-smudge and easily legible. | VO (EG) Nr. 834/2007 | Art.24 Abs. 1,2 |

Food_Supplies**Pet food - Mixed animal feed**

Article No.:

Mixed feeds consist of several materials e.g. rabbit crackers. Included are single feeds, diet feeds, supplementary feeds.

| req. no. | Statutory requirement | Law | Article |
|----------|---|----------------------|--|
| 20374 | In compound animal feed, the level of ash insoluble in hydrochloric acid with reference to dry matter may not exceed 2.2%, unless it pertains to the following: 1. compound feed containing authorised mineral binding agents 2. Mineral feeds, 3. Compound feed containing more than 50 % of rice or sugar beet by-products; 4. compound feed intended for farmed fish with a fish meal content of over 15% provided that the level is declared on the label. | VO (EG) Nr. 767/2009 | Art. 4 Abs. 3 i.V.m. Anhang I Nr. 5 |
| 25006 | Without prejudice to the conditions of use provided for in the relevant legal act authorising the respective feed additive, feed materials and complementary feed shall not contain levels of feed additives that are higher than 100 times the relevant fixed maximum content in complete feed. | VO (EG) Nr. 767/2009 | Art. 8 Abs. 1 |
| 20411 | If a supplement feed, for which no maximum highest concentration of undesirable substances has been laid down, exceeds the respective maximum concentration for sole feed in Annex I of guideline 2002/32/EG it may only be put into circulation with a notice from which the share of the daily ration may be ascertained and for whose conformity the appropriate maximum concentration for sole feed is not exceeded. Additional information: RL 2002/32/EG Anhang I_18-05 | FutMV | § 7 + Anhang I der Richtlinie 2002/32/EG |
| 20377 | Compound animal feed may only be placed on the market in sealed packs or containers whose closure must be so constructed that it becomes unusable after opening. If feed materials are marketed in packs, the same applies to their packaging. | VO (EG) Nr. 767/2009 | Art. 23 Abs. 1 |
| 20378 | There are the following exceptions to the packaging obligations for compound feed: a) compound feed may be placed on the market loose or in unsealed packaging or unsealed containers if - the mixture is produced exclusively of seeds or whole fruits are released, - if the release from the producer is directly to the feed user; - if these are amounts of compound feed not exceeding 50kg which are intended for the end user and which are directly taken from a closed package or container; - food blocks or stones for licking | VO (EG) Nr. 767/2009 | Art. 23 Abs. 2 |
